## WORK EXPERIENCE

### Emmitsburg Volunteer Ambulance Co.

Emmitsburg, MD

*Registered EMT*

June 2014–Present

Added patients with their health concerns, assisted the company's staff with different projects, and increased my knowledge in medicine and patient care.

### Mount St. Mary's University Science Department

Emmitsburg, MD

*Research Assistant*

August 2013–Present

Assisted associate professor of biology Dr. Christine McCauslin with her research investigating the role of the regulatory protein HMGB1 and the C/EBP family of transcription factors in neuroinflammatory pathways. Techniques used in the lab included agarose gel electrophoresis, Western blotting, tissue culture, real-time qPCR, cytoplasmic and nuclear protein extraction, cDNA synthesis, and immunocytochemistry.

### Mount St. Mary's University Residence Life

Emmitsburg, MD

*Desk Assistant*

August 2014–Present

Maintained the safety of the students within the residence halls, kept detailed notes about the activity that occurred within the night, and worked with the Residence Assistants.

### Macy's Department Store

Los Angeles, CA

*Retail Sales Associate*

May 2015–August 2015

Assisted customers find the items they needed. Upheld a clean and pleasant environment. Gained patience and social skills.

## SKILLS

Fluent in English and French. Conversational, reading, and writing Spanish

Various biological and chemical research techniques

Microsoft Office Suite, detailed note taking, responsible and outstanding social skills
